ENTERPRISE SERVER SOLUTIONS & BROKERAGE

Leveraging extensive network architecture knowledge, I act as an expert broker providing hardware liquidation, sourcing, and deployment services for Bulk Cisco and Lenovo Enterprise Servers. We bridge the gap between data centers and business infrastructure requirements, ensuring maximum uptime and performance.

Bulk Sourcing & Brokerage

Facilitating overstock and certified bulk hardware acquisition for companies globally.

Full Deployment & Setup

Initial OS flashing, hypervisor deployment, and data architecture provisioning.

Remote Administration

24/7 server infrastructure management, updates, optimization, and proactive troubleshooting.

PROFESSIONAL SUMMARY

Highly accomplished IT Professional, Software Consultant, and Tech Founder with over 20 years of expertise spanning Web Development, IT Infrastructure, and Business Software Solutions. Co-Founder of "Mahmoud Afandi Technology" in Dubai Silicon Oasis and Managing Director of "GreenTech Mobile Software." Proven expert in managing multi-platform hardware systems, building cross-border e-commerce systems, handling tech supply-chain logistics, and deployment pipelines.

PROJECTS PORTFOLIO

Open Source

Responsive E-Commerce Boilerplate

A customizable, semantic, and light-weight e-commerce frontend architecture built with HTML5, vanilla CSS3, and ES6 JavaScript.

- Full Stack Architecture
- E-Waste Tools & ERPs
- Git & Deployment

Business & Logistics

- International Trade / DSO
- Cross-Border Operations
- Tech Supply Chain & Wholesale

- Mobile Firmware & GSM

- E-Waste Lifecycle Mgmt

PROFESSIONAL EXPERIENCE

Co-Founder

Mahmoud Afandi Technology - FZCO (Dubai Silicon Oasis, UAE)

05/2025 – Present

- Direct wholesale trading pipelines and international shipping logistics for high-volume consumer electronics.
- Orchestrate e-waste collection, recovery, and certified electronic recycling processes within regional regulatory standards.
- Oversee global business operations, strategic cross-border partnerships, and bulk technology equipment resale.

Founder & Full Stack Developer

GreenTech Mobile Software (Al Jizah, Egypt)

07/2022 – Present

- Architect and scale comprehensive web systems, custom retail/wholesale databases, and secure backend solutions.
- Consult with enterprise clients to implement digital transformation blueprints, automated workflows, and cloud network nodes.

Back End Developer

iFixCare EGYPT (Egypt)

07/2020 – 12/2022

- Engineered scalable database logic, service booking workflows, and internal application endpoints for retail tech repairs.
- Optimized platform APIs to decrease page response latency and secure transactional database processing.

Frontend Developer

4G Academy (Nasr City, Cairo, Egypt)

01/2014 – 01/2019

- Built intuitive web layouts, content interfaces, and optimized educational resources for students and engineers.
- Ensured total cross-browser structural parity and fast loading frameworks over mobile network environments.

Mobile Software Specialist

[GSM4G Technology & Training \(Cairo, Egypt\)](#)

06/2006 – 01/2014

- Managed low-level system diagnostic processes, custom operating system flashing, and firmware kernel recoveries.
- Provided high-level hardware-software troubleshooting frameworks and diagnostics for mobile and computational devices.

EDUCATION

Associate Degree in Information Systems Management

[South Valley University](#)

Graduated: 2004
